

Dear Sir,

I came across your website and would like to ask you for a favour.

Would you be so kind to distribute this document amongst your members please, I have a Yamaha Venture Royal for sale that is too good to be dismantled just for spare parts.

Perhaps one of your club members might be interested to buy it.

There are 2 issues with it.

1st) flat battery, to be replaced.

2nd) Borage leak in front fork => I had them changed last year at my local dealer but he has installed them wrongly or used a wrong type.

(the fork oil gets pushed out after a few days due to the pneumatic pressure from the air suspension)

The engine runs perfectly, tires are in very good shape, for more info feel free to mail or call me.

Any serious bid will be taken into consideration.

--

With kind regards;

Chris VAN RIET
